## Mission Update

### May 4, 2022

Dear Family and Friends,

We pray you have all had a wonderful and blessed Easter season.

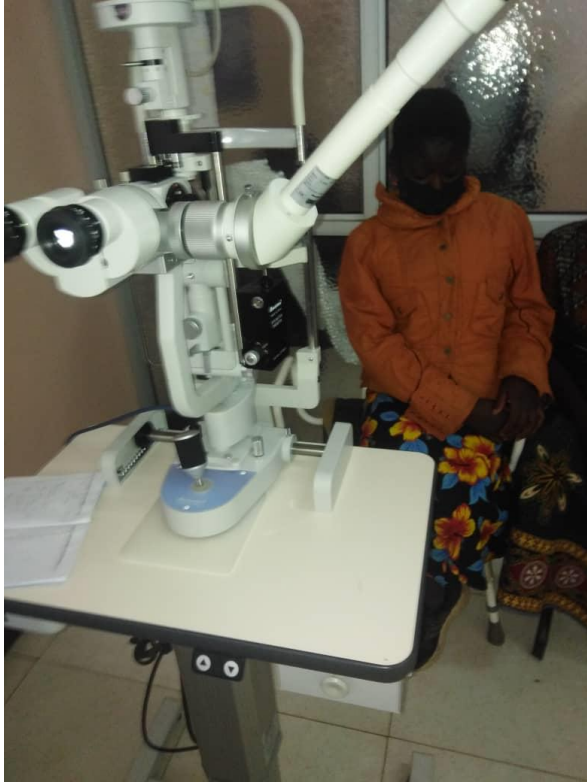

In Thekerani, we are pleased to see that the church in Thekerani is growing. Navincha has been faithfully going and ministering to the church there, and we now even are blessed to see the people having Bible studies in each other's homes apart from church time!

*Gloria with sisters in Thekerani*

Soon the church in Thekerani will hold an overnight prayer. We are expecting this to be evangelistic as well as encouraging to the church. People from the community will be welcomed. Pray this is a time of growth, and salvation.

Perhaps you remember a girl who is blind in Thekerani. We baptized her and have been checking up on her. We were able to send her to the vision hospital.

*Gloria at the eye doctor*

Unfortunately, nothing can be done to help her regain her sight, but we are hoping she will get a referral to a school for the blind so she can actually gain education!!! We were also blessed to bless her with some clothes and other necessities.

In Bvumbwe, we are so blessed to have a church that is so faithful. The youth group is still going on. We will be making sure they still have daily Bible reading programs and weekly memory verses.

We were hoping that, in March, two new churches would be planted... well, let's say they are half planted. Hurricanes and funerals have slowed our travel and establishment efforts, but the people in

both Mozambique and Phalombe are still ready and praying to be established churches very soon.

In fact, we are having a few months of evangelical focus. We will be training the people in Bvumbwe for open air evangelism and will go out in different districts and share Christ!!!!

Some of the youth just went with Navincha to Phalombe and did an outreach. They met with some of the people that are ready for the church, and also were able to visit 28 new households!! Navincha got phone numbers and will be doing upkeep there.

We have planned, and God willing, we will be having two more outreaches this month of May.

*An outreach team*

Pray for Navincha as his list of ministry responsibilities is not only long, but keeps growing. We praise God for such a faithful partner.

Also continue to pray for Limbani's visa. We are enjoying time with family during this waiting period and know God has the best ways and timing.

May you be encouraged, as spring finally blossoms, by God's faithfulness and truly astounding love!

God be with you all,  
Leslie

*Navincha doing a visitation*
